

XENITH® PADS

RESIN BOND DIAMOND TOOLING

The SASE® Xenith® Pads were designed for honing and polishing of self-leveling overlays and other cementitious surfaces. They are available in 7 different sizes and a full range of grits. The 17" Xenith® pads were designed specifically for the PDG 8000 series machines for the toe kick. The 13" Xenith® pads are for use under the 6000 series machines for the toe kick. The 11" Xenith® pads are for use under the 8000 series machines or other industry floor grinders with 11" heads. The 9" Xenith® pads were designed specifically for the PDG 6000. The Xenith® 7.5" pads were developed for use under the PDG 6000, 5000 and SC70 hand grinders. While the 6" were created for the SASE® Edge Pro 180. Finally, the 5" pads were designed for use on the SASE® SC50 hand grinder and PDG 3000.
